

Syncing your Fitbit to ahealthyme

(For more details on the information below, please click any word highlighted in [blue](#))

1. Once you have received your Fitbit device you will need to set it up through the Fitbit website. If you have not already done this, click this [link](#) to start the process!
2. Login to [ahealthyme](#) and then click on the Fitbit widget (shown below).

3. The widget will bring you to the below screen. Enter your login details for Fitbit and then click the pink Allow button.

4. You should see the “Your Fitbit account has been registered” text in the *Registration* section and see an image of your device in the *My Devices* section. You are good to go!
